

STEPHANIE MEADE

Certified Educational Planner & Speaker

Stephanie Meade has been working with teenagers and their families and the college process for over 20 years. She is a Certified Educational Planner, one of only 35 in California, a designation granted only to professionals who have achieved the highest level of competence in the field of educational consulting.

She has long enjoyed presenting with – and for – her peers at national and regional conferences on a broad range of topics. She was a sought-after resource when the “Varsity Blues” scandal broke, and was quoted in the Wall Street Journal and The Hollywood Reporter, and was a panelist on Fox Nation’s “Deep Dive”. As part of the faculty of the Independent Educational Consultants Association Summer Training Institute for new educational consultants, she presented on several topics, including working with parents, and facilitated conversations on professional ethics. She was a favorite guest instructor for a Parent Education class for three consecutive years, where she most enjoyed facilitating a Q & A, responding to any college-related concern a parent might raise.
